Words About Our Founder

Cheryl is heading back into the schools in Waterloo Region again this Fall. She has been invited to numerous events to be a guest speaker and special guest. She will be busy spreading the word about Testicular Cancer and TCTA. Good luck in everything

If you have driven by a bus shelter lately in Kitchener, Waterloo and Cambridge you have probably seen one of our posters. They look awesome and the response from the public has been great!

We have been asked to take on a young lady entering the work force to help Cheryl in the office. This will provide training for the young lady and she will gain experience to gain employment in the future. She will be helping Cheryl 12 to 17 hours a week. This will be a big help to Cheryl and free up more of her time.

We are hoping to launch Phase III of our Check 'em program. This phase will allow us to distribute posters, brochures and brochure holders to all doctors in Waterloo Region. We have been applying for grants and many fundraisers will be slated for this. If enough money is raised we hope to provide each office with the silicone testicles as a teaching/awareness tool.

2008 Events & Fundraisers

On September 13 – a BBQ was held at the Walmart in Cambridge. We raised \$ 420.55 plus Walmart gave us a grant for \$ 670.55.

On October 4 volunteers manned the local LCBO store asking for donations. Despite a double booking with The United Way we raised about \$ 2,800.00. Thank-you to all the volunteers for their hard work!!! I'm sure all of you had some sore muscle after standing for four hours!!!

We applied to North Dumfries Plowing match for a grant for Phase III of our Check 'em Program – they awarded us with \$ 2,000.00.
